

To whom it Concerns, I'm grateful  
you didn't effect my Pay, But,  
my medical co pay, etc, were effected.  
I worked for GM 29.3 years and had to  
go to 6 plants to get my time in.  
I think my Medical Benefits should  
not be altered. I worked hard and Paid  
my dues to get what I have. It's  
unfair and people like myself & wife  
are on a lot on RX meds and can't  
afford them high co pay. Also NO Vision  
or dental is wrong the way I see it.  
People shouldn't have to struggle at their  
retirement life. I hope & pray that  
this is reinstated somewhere along the  
line.
